

# NEFS Membership Information

## NEFS Philosophy

*The New England Fertility Society (NEFS) promotes awareness, standards of information, assistance to providers, and ultimately patients in the field of infertility in the New England area.*

## Society Objectives

- Promote the interchange of ideas, data and observations amongst its members and to the New England medical community.
- Establish a forum for the presentation of reports on current activities and data on programs in assisted reproductive technologies.
- Provide a forum for the presentation of new data and research projects pertinent to reproductive medicine and to the special interests of these technologies in the greater Boston and New England areas.
- Air the status and developments of the particular needs of providers and patients in the field of assisted reproductive technologies in the greater Boston and New England areas.

## Membership

Inclusive to all professionals with a special interest in the field of infertility.

## Application Process

Complete the application form online, especially preferred email address and submit. Almost all communications are sent to members via email.

Any questions, email: [michellepicher@nefs.org](mailto:michellepicher@nefs.org) or call: 978-640-9176.  
New membership will be voted upon at the next quarterly meeting.
